I, Desai Jigneshbhai Hemrajbhai son of Desai Hemrajbhai Golakbhai from village and post-Khoraj, Rabrivas, Taluk and District Gandhinagar, Gujarat. I belong to Backward Classes and I wanted to pursue Masters's Degree in Business Administration (MBA) but I did not have enough financial resources to support my dream.

That's when I came across the education loan scheme offered by National Backward Classes Finance and Development Corporation (NBCFDC) through Gujarat Gopalak Development Corporation Ltd in the state of Gujarat, a channelizing agency of NBCFDC. I applied for a loan and was sanctioned an amount of Rs. 1.00 lakh on 15.02.2017 for pursuing my MBA. I used the loan amount to pay for my MBA fees and other expenses.

I worked hard and completed my MBA degree with flying colors. I then got placed at Tata Consultancy Services (TCS), one of the leading IT companies in India through campus placement, as a business analyst. He is now earning Rs. 2,52,000 per annum.

I am grateful to NBCFDC and Gujarat Gopalak Development Corporation Ltd for providing me the opportunity and support to realize my potential through the education loan scheme.
