Myself Arup Datta a resident of West Tripura belongs to OBC category. I had completed my education but could not find a suitable job in the market. I always had a passion for shoes and wanted to start my own store, but I lacked the capital and the confidence to do so.

I heard about Tripura OBC Cooperative Development Corporation (TOBCCDC) from a friend which implements the schemes of National Backward Classes Finance and Development Corporation (NBCFDC) and provides loans to unemployed youths to start their businesses at a low rate of interest. I was impressed by the easy application process, the low-interest rate, and the flexible repayment options, and decided to apply for a loan.

I received a loan of Rs. 2.00 Lakhs on dated 26.02.2020 and used it to rent a shop and buy inventory. I started selling shoes and footwear of various brands, styles, and sizes. I also offered customized services to my customers, such as repairing, polishing, and fitting. Soon I gained a loyal customer base and earned a good reputation in the market. My sales increased steadily and I was able to repay my loan in time.

Now, I earn a monthly income of Rs. 40,000/- and support my family comfortably. I am grateful to Tripura OBC Cooperative Development Corporation for giving him the opportunity to fulfill his dream and become a successful entrepreneur.

He says, "Schemes of TOBCC and NBCFDC have changed my life. They gave me the financial support and the confidence to start my own business. I am happy that I can provide quality shoes to my customers and create employment for others. I would recommend Tripura OBC Cooperative Development Corporation to anyone who wants to start or grow their own business."
